

# 4.0 DATA

## QUARTERLY OUTCOMES REPORT: JULY-SEPTEMBER, FY20

Tennyson Center for Children invests heavily in understanding our impact so that we can constantly improve our services to families and children throughout Colorado. We have been entrusted to help children and families experiencing trauma stabilize, heal, and reintegrate back into their communities, and must hold ourselves accountable to that charge. By constantly evaluating our impact we can pilot and test innovative solutions, strengthen existing partnerships and build new ones, and work to scale positive results while constantly searching for ways to improve.

# 4.0 DATA

## QUARTERLY OUTCOMES REPORT: JULY-SEPTEMBER, FY20

### STABILIZING

Stabilize children and families to prepare for therapy. We strive to do what's best for kids and families — always.

### HEALING

Teach each child tools and strategies to overcome their unique trauma, promote coping, healing, and hope.

### REINTEGRATING

Provide families and children with the necessary tools to reintegrate back into healthy habits and communities.

## COMMUNITY BASED SERVICES (CBS)

**100%** of children remained in their homes; **100%** of children maintained school placement; **100%** of children did not have police contact while in treatment; **100%** with no punitive police contact<sup>1</sup>; **100%** of children did not utilize hospitals; and **100%** of children were not admitted to hospitals.

What we're working on:  
The number of children demonstrated overall improved functioning according to CANS assessment.<sup>2</sup>

What we're working on:  
The number of children that maintained school placement **12, 24, 36 months** post-discharge; and The number of children maintained in their homes **12, 24, and 36 months** post-discharge.

### KEY HIGHLIGHT

**100%** of CBS children remained in their homes

#### Why we think this is important:

1. For our children that we serve in Douglas county, we have now gone two straight quarters in a pandemic (April – September) without a single child being removed from the home.
2. A child remaining in home means less trauma for the family and more stabilization for the child, that is what we strive for at Tennyson.

## CAMPUS SERVICES

**100%** of children did not have police contact while in treatment; **100%** with no punitive police contact; **100%** of children did not utilize hospitals; and **100%** of children were not admitted to hospitals.
