

# 4.0 DATA

## QUARTERLY OUTCOMES REPORT: OCTOBER-DECEMBER, FY21

Tennyson Center for Children invests heavily in understanding our impact so that we can constantly improve our services to families and children throughout Colorado. We have been entrusted to help children and families experiencing trauma stabilize, heal, and reintegrate back into their communities, and must hold ourselves accountable to that charge. By constantly evaluating our impact we can pilot and test innovative solutions, strengthen existing partnerships and build new ones, and work to scale positive results while constantly searching for ways to improve.

# 4.0 DATA

## QUARTERLY OUTCOMES REPORT: OCTOBER-DECEMBER, FY21

### STABILIZING

Stabilize children and families to prepare for therapy. We strive to do what's best for kids and families — always.

### HEALING

Teach each child tools and strategies to overcome their unique trauma, promote coping, healing, and hope.

### REINTEGRATING

Provide families and children with the necessary tools to reintegrate back into healthy habits and communities.

## COMMUNITY BASED SERVICES (CBS)

**100%** of children remained in their homes; **88%** of children maintained school placement; **88%** of children did not have police contact while in treatment; **63%** with no punitive police contact<sup>1</sup>; **75%** of children did not utilize hospitals; and **75%** of children were not admitted to hospitals.

There is no data to report on CANS Assessments<sup>2</sup> as no children received a discharge CANS this quarter from El Paso County.

What we're working on:  
The number of children who remain in home **12, 24, and 36** months post discharge; and  
The number of children who maintain school placement **12, 24, and 36** months post-discharge

### KEY HIGHLIGHT

**100%**

of all Community Based Services Children have remained in their home for the last nine months

100% of El Paso County children stayed in their homes during the past nine months! We are proud of the hard work our kids, families, and therapists do to support kids and keep families together.

## CAMPUS SERVICES

**20%** of children did not have police contact while in treatment; **100%** with no punitive police contact; **40%** of children did not utilize hospitals; and **80%** of children were not admitted to hospitals.

There is no data to report on CANS Assessments<sup>2</sup> as no children received a discharge CANS this quarter from El Paso County.

**100%** of children who exited to a permanent family or family like placement.<sup>3</sup>

What we're working on:  
The number of children that maintain permanent placement **12, 24, and 36** months post-discharge; and  
The number of children who remain without hospitalizations or police contacts **12, 24, and 36** months post discharge.

### SHARE THE DATA

#### How can this data be used?

You can support Tennyson Center for Children and our efforts to support vulnerable children and families.

- **Connect** with your community to make data-driven, informative decisions;
- **Educate** your community and partners by building awareness about this data; and
- **Advocate** for children and families by using this data for policy statements, grants, and presentations.

<sup>1</sup>Punitive police contact defined as arrest or ticket issued

<sup>2</sup>Demonstrate improved functioning according to Child and Adolescent Needs and Strengths (CANS) assessment. Overall positive increase from baseline assessment to discharge assessment

<sup>3</sup>Permanent family or family like placement – defined as birth parents of child adoption, or any kin
